Education

Bankura Unnayani Institute of Engineering, Bankura

2026

M.Tech in Computer Science and Engineering, GPA :

Mallabhum Institute of Techonology, Bishnupur,Bankura

2024

B.Tech in Computer Science and Engineering, GPA : 7.89

Project

Secure Image Steganography using AES Encryption and Web Interface

[Link](#) [GitHub](#)

Technologies: Python, Flask, OpenCV, NumPy, Pillow, Bootstrap

- Developed a secure web application to hide confidential data inside digital images.
- Implemented AES-256 encryption before embedding data using the Least Significant Bit (LSB) algorithm.
- Measured image quality using PSNR and MSE metrics.
- Built a responsive web interface for secure image upload, embedding, extraction, and download.

Roommates

[Link](#) [GitHub](#)

Technologies: React.js, JavaScript, HTML, CSS, Appwrite

- Developed a responsive room rental web application using React and Appwrite.
- Implemented user authentication, room search, advanced filters, and real-time database integration.
- Built a user-friendly interface optimized for desktop and mobile devices.

Weather Application

[Link](#) [GitHub](#)

Technologies : HTML,CSS, JavaScript, REST API

- Developed a responsive weather application using HTML, CSS, JavaScript, and REST APIs.
- Integrated real-time weather data with location-based search and forecast functionality.
- Designed a clean, user-friendly interface optimized for desktop and mobile devices.

Technical Skill

❖ **Programming Language :** C, C++ , java, JavaScript , MySQL

❖ **Technologies :** React , Node.js , Express.js, MongoDB, Git , GitHub

Achievements

- ❖ Achieved first position in the coding competition at Pulse 2024, the annual college fest of Mallabhum Institute of Technology.
- ❖ Developed a research-based M.Tech project on secure image steganography using AES-256 encryption and LSB techniques.
